1. A new branch of the Skoda Works Electrotechnical Department is being constructed at Chlumecny (HKO/L 02) as part of the Five Year Plan. When completed, the plant is to employ about 1,200 men.
2. Construction is now going on adjacent to the Chlumecny railroad station on a plot of ground 600 by 200 meters (see Attachment A) which has been leveled out of a hillside. Almost 300 men, mainly prisoners from a nearby work camp, are working on this project.
3. The Bridge Construction Department of Skoda is in charge of the steelwork on the buildings.
